TiTEN President 2025–26

Rotary Club of Ambarnath North (RCAN) Dist. 3142

Dear Club Members Greetings and Rotary Namaskar!

President's Message

Dear Friends in Rotary,

July began with a memorable Installation Ceremony, thanks to your warmth & support. August, the month of Membership & New Club Development, reminds us that Rotary's strength is its people. Let us invite more friends to share the joy of service and strengthen our family. Together, with unity & passion, we can create lasting impact.

TiTEN Secretary 2025-26

Rotary Club of Ambarnath North (RCAN) Dist. 3142

Secretary's Message

Dear Rotarians,

July began with a memorable Installation Ceremony, opening a Rotary year of hope & opportunities. As August highlights Membership & New Club Development, let us grow stronger by adding new members and nurturing fellowship.

Thank you for your support as we work together for a meaningful and impactful year.

Rtn Anand Raghavan Secretary, RY 2025–26

August (Avani 2025) Dear Readers,

July was an inspiring start to the Rotary year, with our club completing 15 impactful projects across diverse avenues of service. Each initiative reflected our commitment to creating meaningful change. August, dedicated to Membership & New Club Installation, reminds us that Rotary's strength lies in its people. Every new member brings fresh energy, & every new club extends our reach to serve more communities.

Let us use this month to strengthen bonds, welcome new members & embrace new beginnings - ensuring Rotary continues to grow in impact and fellowship.

Yours in Rotary,

Editorial Board

Enemies of the Environment

With the onset of monsoon, grass grows everywhere! Even today, there are people who remove grass from our society's surroundings, unaware of the harm they cause to the environment. Grass is nature's way of reforestation! Preserving grass and shrubs is as important as tree plantation. Don't destroy them; instead, let them thrive. The Importance of Grass and Shrubs- They absorb pollutants from the soil and air

- They purify the air by absorbing toxic gases & releasing oxygen
- Their roots make the soil porous, allowing rainwater to seep in quickly
 They promote useful bacteria in the soil
 They increase soil fertility & organic carbon
 They prevent soil erosion and flooding
 - They support biodiversity & the food chain They regulate temperature They help purify rainwater

Don't Destroy the Environment

Don't remove grass and shrubs, thinking they'll attract snakes, scorpions, or mosquitoes. There's no direct link between them. Instead, preserve the natural balance and let grass and shrubs thrive.

A Call to Action appeal to:

• Municipal corporations • Local institutions • Building owners • Housing societies • Hospitals • Schools To preserve grass & shrubs in their surroundings & contribute to maintaining environmental balance. Let's work together to protect our planet!

किचन ग्रीन वेस्टपासून बहुउपयोगी इको एन्झाईम निर्मिती

साहित्य (१:३:१० या प्रमाणात)

२ लि.क्षमतेची जाड प्लास्टीक बाटली, १०० ग्रॅम गूळ, ३०० ग्रॅम फळांच्या साली / हिरव्या भाज्यांचा कचरा व १ लि. पाणी इ.

सर्व प्रकारचे ग्रीन वेस्ट, वाया गेलेली फळे घेऊन इको एंझाइम करता येते. कांदा, बटाटे, लसूण, आले, सुरण व तत्सम जमिनी येणाऱ्या भाज्या फळभाज्यांपासून एंझाइम तयार होत नाही.

प्लास्टीकची बाटली स्वच्छ धुवून घ्यावी. त्यात ३०० ग्रॅम फळांच्या साली किंवा हिरव्या भाज्यांचा कचरा बारीक चिरुन अथवा मिक्सर मधून बारीक करावा, त्यात १०० ग्रॅम गुळ व १ लि. पाणी टाकावे, तयार केलेले पूर्ण मिश्रण बाटलीत टाका व बाटली एकदाच व्यवस्थित हलवून घ्या. प्लास्टीक बाटलीचे झाकण घट्ट बंद करावे. बाटलीवर प्रक्रीया सुरु केल्याचा तपशील लिहिलेले लेबल लावावे. इको एन्झाईम Unaerobic प्रक्रियेत तयार होते. किण्वन (Fermentation) क्रियेमुळे बाटलीत गॅस तयार होतो. ३० दिवस दररोज २४ तासानंतर एकदा या प्रमाणे प्लास्टीक बॉटलचे झाकण किंचित सैल करून गॅस मुक्त करावा. बाटली न हलवता झाकण घट्ट बंद करावे. गॅस मुक्त झाल्यावर हवेशी संयोग होऊन ओझोन (थंड हवेच्या ठिकाणाचा वायु) व प्राणवायु अर्थात शुध्द हवेचे वातारण घरात तयार होते. या प्रक्रियेत CO3 - Corbonet, No 3 - Nitrate, O3-Ozone हे वायु मुक्त होतात. ६० दिवसानंतर बाटलीतील गॅस मुक्त होण्याची प्रक्रिया थांवते. पुढील ६० दिवस, बाटलीला हात लावू नये. ९० दिवसानंतर इको एन्झाईम वापरण्यास योग्य होते. जास्त दिवस ठेवलेले इको एन्झाईम अधिक प्रभावी होते. हे तयार एन्झाईम गाळून दुसऱ्या बाटलीत ठेवावे. गाळही इको एन्झाईम इतकाच प्रभावी असतो. तो पुढच्या वेळेस एन्झाईम बनविताना विरज्णासारखा परत वापरता येतो. फक्त गुळाच्या किमतीत म्हणजे ६-७ रूपयात १ ली. बहुगुणी इको एन्झाईम तयार होते.

बहुउपयोगी इको एन्झाईम वापरून महिना रु.१५०० ते २००० वाचवा.

- * १ बकेट पाण्यात ३-४ चमचे एन्झाईम टाका. या पाण्याने आंघोळ केल्यास त्वचारोग नाहीसे होतात,
- * एका लहान टबात १-१.५ लिटर पाणी घेऊन यात २-३ चमचे इको एन्झाईम टाका व या पाण्यात फळे, भाजीपाला २५-३० मिनिटे ठेवा व धुवून घ्या, फवारणी केलेली विषद्रव्ये निघून विषमुक्त भाजीपाला व फळे आपणास मिळतात.
- * हॅण्डवॉश बॉटल अधीं करा व त्यात अधें एन्झाईम टाका, अधीं बचत होते.
- * वॉशिंग मशीनमध्ये डिटर्जंट पावडरचे प्रमाण अधें करा, त्यात अधें एन्झाईम टाका.
- * बेसीन, टॉयलेट, बाथरूम ३-५ चमचे इको एन्झाईम टाकून साफ करा, दुर्गंधी जाते.
- * वॉश बेसीनची नाली साफ करण्यासाठी १५ / ३० दिवसातून एकदा ८० ते १०० मि.ली. रात्री बेसीन मध्ये टाका व सकाळी पाण्याचा फ्लश द्या, नाली साफ.
- * लादी, भिंती पुसण्यासाठी अध्यि बकेट पाण्यात ३-४ चमचे एन्झाईम टाकून वापरल्यास दुर्गंधी, डास, माशा व झुरळांचा नायनाट होतो. काम झाल्यावर तेच पाणी झाडांना टाका. एका पाण्यात २ कामे होतात. एन्झाईम मिश्रित पाण्याचा स्प्रे घरातील भिंतींवर केल्यास तापमान २ ते ३ अंशाने कमी होते.
- * शेती / बागेत खत, जैविक बुरशीनाशक, कीटकनाशक व जैविक औषधांचा अधिक प्रभाव वाढवण्यासाठी एंजाइम एकत्र करून फवारतात.
- * पर्यावरणाचे (इको सिस्टीम) रक्षण करा. जहरी कीटकनाशक, तणनाशक, टॉयलेट क्लिनर वापरणे टाळा.

Inspirational Story

Story of Akash Deep From Struggles to Stardom

Born in a small village in Bihar, Akash Deep grew up with limited resources but an unlimited dream - to bowl for India. Life tested him harshly: he lost his father & brother in quick succession & became the sole breadwinner, working as a daily wage laborer for just ₹100–150 a day. Cricket seemed over. But hope returned when his cousin encouraged him to try again.

Akash went back to Bengal, played small tournaments, & soon impressed coaches with his raw pace & reverse swing. He rose through Bengal cricket, earned an IPL contract with RCB, and in 2024, debuted for India.In July 2025, he scripted history in England, taking a 10-wicket haul - the first Indian pacer in 21 years to achieve the feat there. From carrying sandbags to carrying India's bowling attack, Akash's journey is proof that circumstances are temporary, but determination is forever.

From Our Hearts to New Horizons

A Proud Moment for Our Rotary FamilyWe are delighted to share a special moment from our Rotary family. Rtn.Vijaya Basangar's daughter has embarked on a new journey, flying to the USA to pursue her higher studies at Steven"s college.. New York.. United States of America. As she steps into this new chapter, carrying with her the love, values, & blessings of her family, we wish her immense success, wisdom, and strength. May her hard work open doors of opportunities, & may she shine bright, making her family & our Rotary fraternity proud.Dear Anu remembers - this is not just the pursuit

of education, but a journey of growth, discovery, & building a brighter tomorrow.

We send you with blessings, prayers, & heartfelt wishes for a future filled with achievements and happiness.

Best wishes from RC Ambarnath North family.

Even Darkness Holds Light

Darkness wraps the sky in dreams,
But even night has golden seams.
A fading sun, yet not alone.
It whispers softly: hope is sown.

Thank you, Asmi Patil, for this wonderful contribution!
